QUALITY SAFETY POOL COVERS

Safety pool covers protect against damaging weather, keep out debris, and help reduce chemical loss, while guarding against accidental entry by a child or pet.

Designed for seasonal use, they can be secured to a deck or a patio by anchors which provide even greater security and protection. They come in a variety of styles and colors.

5-STAR SOLID COVER

Simplified Design...Longer Lasting Covers

Anchor made the 5-Star exclusively for Anthony & Sylvan out of tough 14 oz. fabric that outlasts conventional materials. Tension webs capable of holding 4,400 lbs. are welded permanently into place. This leaves no sewing perforations to weaken the cover. Heavy duty springs accommodate the weight of winter precipitation. Covers attach to concrete or wood decking with deluxe brass fasteners. Special web loops hide unattractive loose ends, and an automatic pump and deck protection are included with every cover.

No Cross Webs...Just Clean, Tight, Uniform Tensioning

5-Star Solid covers feature 360° fabric tensioning which results in super strength and top performance. You get all of the advantages of both solid and mesh covers combined in one, tough, beautiful safety pool cover!

Maximum Abrasion Resistance

Specially reinforced where the cover meets the decking, 5-Star Solid covers are built to stand up to the weather year after year.

Easy Clean-Up and Maintenance

With no crosswebs to clean around, and no messy filters to remove, our covers are easy to maintain and are designed to restrict the growth of algae while keeping debris out of your pool!

10 Year Warranty

One of the best in the industry! Quality construction and responsive, expert support from Anthony & Sylvan service techs ensure peace of mind.

DEFENDER® MESH POOL COVERS

Faster Pool Openings

Defender Mesh fabric blocks 98% of sunlight, reducing algae growth and labor at spring opening.

Prevention of Accidental Entry

Defender Mesh covers are tightly secured to decking with stainless steel springs

and unique "D" ring system to ensure cover is tight across the pool, preventing accidental entry.

Pool Area Free of Tripping Hazards

Hideaway brass anchors recess into the deck during the summer to create a pool area free of tripping hazards.

12 Year Warranty

Mesh covers feature a 12 year limited warranty for long-lasting safety and protection.

Manufactured to Safety Specifications

Designed to meet ASTM 1346-91 Standard Safety Performance Specifications for safety covers.

Solutions for Large Pool Designs

Defender Mesh covers can accommodate larger pools with certain unique and complex designs.

4 Color Choices

Defender Mesh is now available in four colors at no additional cost. Pick the color to best fit the needs of your pool and outdoor decor.

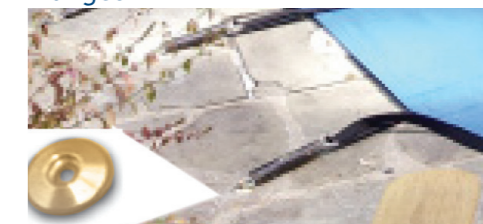

Little Giant Pump

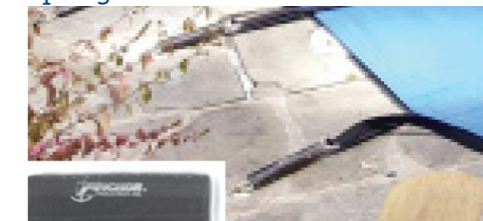

Little Giant Automatic Pump is certified for use on pool covers.

Flanges

All of our safety pool covers come with brass Deck Flanges that lay close to the deck to avoid injuries.

Spring Guard

We provide spring covers to guard against pinching and protect deck surfaces.

ANCHOR INDUSTRIES

Anchor Industries, founded in 1892, began as a small riverboat supply house located on the Ohio River. Anchor Supply Company, as it was known then, furnished oil, groceries, paint and other supplies to the steamboat trade. Due to a growing demand for water-proof covers, Anchor's

founder, Louis A. Daus, added canvas goods to the line of merchandise. Today, with 300 skilled workers and over 350,000 square feet of production capacity in Evansville, Indiana, Anchor is one of the world's most respected producers of commercial tents, canopies, awnings, safety pool covers and outdoor fabricshade products.

All of our safety pool covers are hand sewn with extreme attention to detail. We take pride in every product we produce and that shows with the quality of our pool covers. Our Safety Pool Covers come with long term warranties so that we can continue to help you protect your investment for years to come.

ANTHONY & SYLVAN POOLS

Since 1946, families have been trusting Anthony & Sylvan to design and build their dream in-ground swimming pools. Our team of designers and craftsmen have created thousands of backyard retreats. We constantly strive for complete customer satisfaction, use the best materials for the job and uphold rigorous standards. With pools built for over 370,000 families, we must be doing something right.

Our company's products and services have expanded to include Retail/Online Stores & Services offering the finest chemicals, equipment and other pool supplies and pool opening, closing and maintenance services, as well as Renovations and Modernizations services, which restore and upgrade pools and a Backyard Products Division which offers fences, covers and other finishing products.

POOL COVER PROCESS

Measure

The right form and fit starts with accurate measuring. Trained A&S technicians use triangulation to measure your custom pool.

Design

All the custom features of your pool, like raised spas, landscaping, rock features and bond beams are considered when your cover is designed.

Manufacture

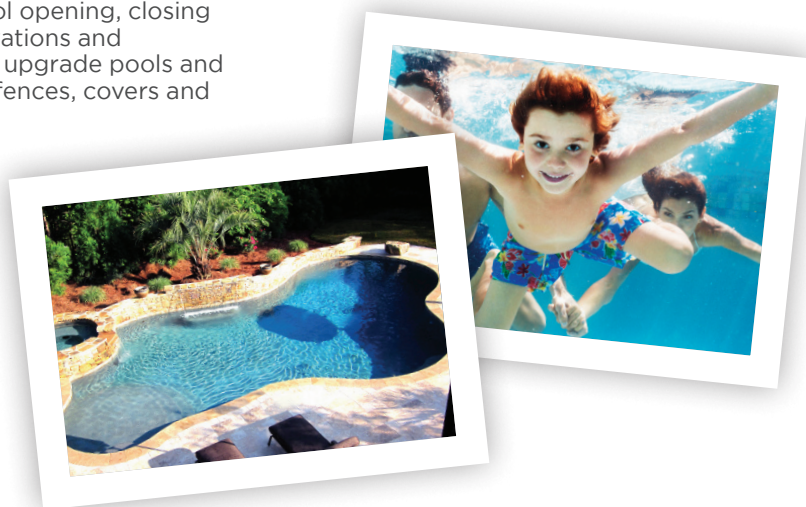

Over 120 years of manufacturing experience goes into every safety pool cover made.

Install

The right tools in the hands of Anthony & Sylvan expert technicians brings the project to completion.
