RENOVATIONS &
MODERNIZATIONS

SIX REASONS TO TRUST US TO ENHANCE THE BEAUTY OF YOUR BACKYARD

AT ANTHONY & SYLVAN,
WE KNOW OWNING A POOL IS
A LIFETIME COMMITMENT — AND
BEING THERE FOR YOU IS OURS

1. We're **COMMITTED** to making you happy

For 70 years, we've been meeting customers' needs. Just look at our A+ ratings with the BBB, not to mention our outstanding ratings on Google, ConsumerAffairs.com and ReviewCentre.com. Our reputation is important to us, and we'll work with you to prove that our business practices, ethics and level of professionalism are the best in the industry. Every step of the way, we promise a relentless commitment to keeping you satisfied.

And you can feel safe in our hands, knowing we cover all of our work comprehensively. Every one of our Renovation Specialists carries our certificate of insurance, and we require all of our partners to carry the highest level of licensing and insurance available. It's just another way we ensure your trust and satisfaction in every project.

2. We strive to achieve the **HIGHEST STANDARDS**

Over our seven decades of experience, we've developed processes and rigorous standards to ensure we make your pool safer, durable and more beautiful.

Our warranties are the best in the industry, backed by the stability that comes from 70 years in the business. And we have proven that we will be there to honor them.

3. Our renovation specialists are **THE BEST** in their field

When we renovate your pool, your Anthony & Sylvan team will be comprised of licensed and experienced crews — seasoned craftsmen who are comfortable with all types of environments, terrains and climates. Our team shares a passion for making sure your backyard oasis is exactly what you want.

Plus, unlike some builders, all Anthony & Sylvan Pools locations are company-owned — so you can trust that our standards are consistently applied to all of our projects.

4. Our designers bring your **VISION TO LIFE**

Remember the excitement of seeing your pool for the first time? With an Anthony & Sylvan renovation, your backyard can be the beautiful, safe and relaxing getaway it was always meant to be. From updating the coping to adding a stone deck, we will make your exact vision come true — not something “close to it.”

Our experienced Renovation Specialists are passionate about the latest pool-enhancement technologies. Once you discuss what you're looking for, they'll provide the options and creativity to make your pool the one attraction everyone has to see this summer season.

And once your design is complete, we will make sure you get the best products to make it happen — at the best prices. Thanks to our national purchasing programs with top-quality equipment manufacturers, our savings are passed along to our customers.

5. We communicate with you **EVERY STEP** of the way

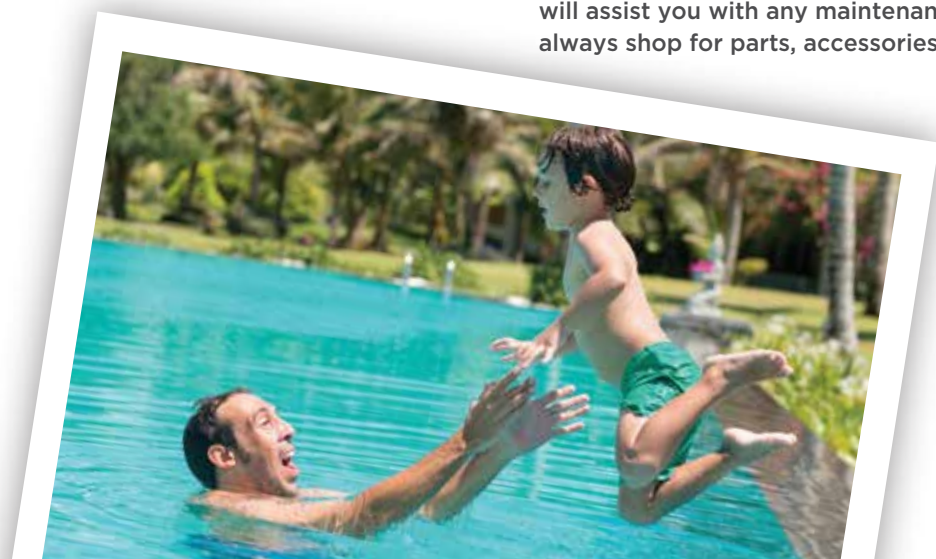

We know what a big commitment renovations can be — that's why we make sure you feel in control throughout the process.

After your renovation is complete, we want to keep in touch with you and get your feedback. Our customer satisfaction surveys help us to constantly improve our service and the way we work. We're always striving to do our best and make sure we go above and beyond for our customers.

6. We're here for you **TODAY AND TOMORROW**

Our commitment doesn't end once your renovation is complete. Because we are a national company with 70 years of experience, you can depend on us days, months and years from now. We're always here to back you up.

Our local team of service and renovation professionals will assist you with any maintenance needs. Plus, you can always shop for parts, accessories and supplies online.

JUST A FEW INNOVATIONS CAN MAKE A WORLD OF DIFFERENCE

CREATE A NEW DECK

Your options are wide for the area of your pool that provides big visual impact and will handle all the traffic. Select a Kool Deck, brick pavers, brushed and patterned concrete, stone — or countless more! We'll help you coordinate your choice with your tile and pool finish to suit any budget. Our Renovation Specialist will show you combinations of each to make the selection process easy. It's choosing your favorite that's the hardest!

ADD A WATERFALL OR FOUNTAIN

You can easily add a waterfall, fountain or any number of additional features that will create a new look for your pool. What's more relaxing than the soothing sound of a fountain or waterfall cascading into your pool?

BRIGHTEN WITH BEAUTIFUL TILE

Whether in vivid colors or earth tones, solids or geometric designs, new tile can refresh the look of your swimming pool or spa. These days, you can get tiles in just about any design, and we have one of the widest selections around.

CREATE PIZAZZ WITH LIGHTING

Use lighting to create the most astounding change in your pool from daytime to evening. Today's advanced energy efficient lighting, including LEDs, provides a rainbow of options. So why not choose the color that suits your lifestyle?

ADD ELEGANT NEW COPING

Coping creates a dramatic difference between the water and the deck. Replacing outdated swimming pool coping or adding a coping edge are options you will definitely want to consider. By choosing from Anthony & Sylvan's product array you can transform the old to new. Options include brick and natural stone to achieve the look and feel you have always wanted.

OUR CUSTOMERS INSPIRE US TO EXCEED THEIR EXPECTATIONS

"We are very pleased with the work you have completed on our pool. The men showed up on all occasions as scheduled and worked diligently to get the job finished. The pool looks really nice (like new). We look forward to making good use of it this summer. It certainly was a pleasure to have a contractor live up to his end of the bargain without undue prodding, phone calls, etc. We want to thank you for your performance."

— Jack
& Sarah

"The whole process was VERY professional. Clean as a whistle. In regards to the work ethic of the renovation team...They washed down the entire driveway and the entire patio. Rinsed the rock gardens and put away all of my hoses. I can give you 17,000 reasons why I will use you again!"

— Dave

Rob -

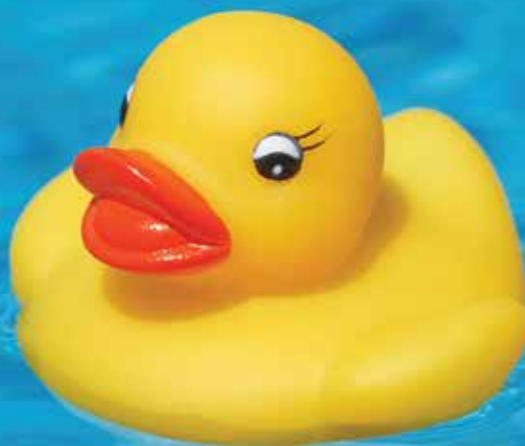

"I was extremely pleased with the final product and with your staff. I didn't expect that the work would be completed so quickly, but the pool looks great and your staff worked cleanly and efficiently. Thank you for all your help and assistance throughout the project."

"Our pool had become more of an embarrassment than a feature. I finally got tired of making excuses and called Anthony & Sylvan to fix it. Not only did I get the pool resurfaced, I changed out the tile and the deck. Once again, the pool area is brand new."

— KC

OWNING A POOL IS A LIFETIME COMMITMENT. YOURS AND OURS.

Since 1946, Anthony & Sylvan has been creating, renovating and modernizing in-ground swimming pools and backyard retreats.

We strive for complete customer satisfaction, use only the best materials and uphold rigorous quality standards. With completed renovation and beautification projects for thousands of families, we must be doing something right.
