StoneScapes combines beauty with strength and durability to create the perfect pool finish. Choose from regular or mini pebbles. Or add a touch of iridescent glass beads in the Puerto Rico blends to give these exclusive mixtures their own special sparkle.

The secret to having Beautiful Pool Water is selecting the right interior pool finish for you.

First, decide whether you would like the water in your pool to appear blue or green.

For water that looks Primarily Blue, select a finish with white, blue or gray pigment. For water that appears Green, look for green, tan, brown or black pigment.

To achieve a deep, rich water color in a pool without a deep end, select a darker pool finish. Your pool's depth has a huge impact on the color of your water. Your pool may actually appear deeper when you select a finish with a darker pigment.

	Light Blue
	Medium Blue
	Dark Blue
	Light Gray
	Blue Gray
	Dark Gray
	Light Green
	Green
	Deep Dark Green
