1. We're committed to making you happy

We want you to love your pool, but we also want you to love the entire experience. Time and time again, people have been incredibly satisfied with our product and service.

Just look at our A+ ratings with the BBB, our outstanding ratings on Google, ConsumerAffairs.com and ReviewCentre.com. In fact, more than half of our new pool projects come from referrals from highly satisfied customers. Our reputation is important to us, and we will work with you to prove our business practices, ethics and level of professionalism are the best in the industry. We promise a relentless commitment to keeping you satisfied, every step of the way.

And you can feel safe in our hands, knowing we cover all of our work comprehensively. Every one of our Design Consultants carries our certificate of insurance, and we require all of our partners to carry the highest level of licensing and insurance available. It's just another way we ensure your trust and satisfaction in every project.

2. We build pools that last a lifetime

We build to the highest standards and specifications, and your pool will always be approved by a certified engineer. We will give you a superior, long-lasting pool — and endless summers to enjoy it. Over our seven decades of experience, we've developed processes and rigorous standards to ensure your pool is built right.

We even offer a lifetime structural warranty, backed by the stability that comes from over 75 years in the business. Not every pool builder has that kind of standard. And we have proven that we will be there to honor it.

3. Our builders are the best in their field

When we build your pool, you won't find a bunch of strangers just digging up your yard. Your Anthony & Sylvan team will be comprised of licensed and insured professional builders, experienced crews and oversight by Project and Construction Managers. Our skilled and expert craftsmen have thorough experience designing and building pools in all types of environments, terrains and climates. Our team shares a passion for creating great pools.

Plus, unlike some builders, all Anthony & Sylvan Pools locations are company-owned — you can trust that our standards are consistently applied to all of our projects.

4. Our designers bring your vision to life

Our pools are built to last forever, but they're also built to wow everyone in the neighborhood. We build beautiful, relaxing getaways right in your backyard. From cascading waterfalls to LED lights, we will make your exact vision come true — not something “close to it.” Our highly trained Design Consultants will listen to what you want and provide you with 3D renderings to help you and your family visualize every detail.

And once your design is complete, we will make sure you get the best products to make it happen — at the best prices. Thanks to our national purchasing programs with top-quality equipment manufacturers, our savings are passed along to our customers.

5. We communicate with you every step of the way

We know it's a big deal to make such a dramatic transformation to your backyard. That's why we make sure you feel in control throughout the process. You'll have your own team who will get to know you and thoroughly discuss your ideal pool. You can depend on your team to be open and available to work with you on every phase.

After your pool is built, we want to keep in touch with you and get your feedback. Our customer satisfaction surveys help us to constantly improve our service and the way we work. We're always striving to do our best and make sure we go above and beyond for our customers.

6. We're here for you today and tomorrow

We don't stop working with you once your pool is built. Because we are a national company with over 75 years of experience, you can depend on us days, months and years from now. We're always here to back you up. Plus, you can always shop for parts, accessories and supplies online, or at your local retail store. And if you live in the mid-Atlantic or Northeast, our local team of service and renovations professionals will assist you with any maintenance needs.

OUR CUSTOMERS INSPIRE US TO EXCEED THEIR EXPECTATIONS
